

# AHRQ Safety Program for ICUs: Preventing CLABSI and CAUTI

A quality improvement program funded and guided by AHRQ and led by the Health Research & Educational Trust

**Adult ICUs** with CLABSI and/or CAUTI rates that may need improvement (*i.e.*, [positive Cumulative Attributable Difference in the Targeted Assessment for Prevention report](#)) are eligible to participate. The program is now recruiting for a 12-month cohort to begin July 30, 2018.

## Key Dates

Length of Participation:  
12 Months

Cohort Launch:  
July 30, 2018

ICU Enrollment Deadline:  
July 15, 2018

Informational Webinar:  
May 30, 12 -1pm CT

## Benefits of Participation

Work to achieve U.S. Department of Health and Human Services 2020 **CLABSI and CAUTI reduction goals**.

Gain experience implementing the Comprehensive Unit-based Safety Program (**CUSP**) model to create a culture of safety.

Get access to subject matter experts, coaches, benchmark reports, and educational materials to **improve performance**. Network with other ICUs nationally to **share best practices** and address gaps in performance.
